SHILLY SHALLY BUSINESS WILL NOT WORK.

The Eureka Sentinel says:

The Democrats tried to shield Cleveland on the silver question. At St. Louis they put nothing in their platform on the subject. Nineteen-twentieths of that convention was solid for solid silver. The Democrats by their temporizing policy killed Cleveland and their party. The Republicans in Congress are drifting in the same line to spare Harrison, who is owned by Wall street. They fail to discern that Harrison is already dead. Their party will deserve to perish from the face of the earth if it ignores the rights of the people in this crisis. There must be no monkeying with this great question. The people demand full coinage and nothing else. Political parties may go to the dogs or the devil. The people ought to be strong enough to rise in their majority and right the monstrous wrong of 1873 by which more than one-half of their available money was taken from them and destroyed. The old standard, the old value, the old place, in short, the old practice of free and unlimited coinage of 412½-grain dollars is the only remedy for that wrong. Free coinage is the fight and every man in the West should stand for it and shout for it. There is no middle ground.

Blaine's plan to conclude a treaty with all the republics of the two Americans providing for the arbitration of all disputes is certain to be accepted by all the republics to the South of us. The treaty has been ratified by Brazil and many of the minor countries, and only the support of Chile and the Argentine Republic is needed.

Journalists Arrested for Libel.

Special to the JOURNAL.

NEW YORK, April 30.—The Grand Jury has just handed in indictments against Joseph Pulitzer, John A. Cockerill, Julius Chambers and James G. Graham, of the New York World, for criminal libel of ex-Judge Hilton.

On the 31 instant Judge Hilton wrote to District Attorney Fellows calling attention to these articles and saying he would not dignify them by bringing a civil suit for libel.

The Messrs Graham and Chambers gave bail this afternoon. Mr. Pulitzer and Cockerill are out of the city.

Special to the JOURNAL.

WASHINGTON, April 30.—The Committee on Rules has reported a resolution for the immediate consideration of the Senate dependent pension bill, to which the Morrill service pension bill may be ordered as a substitute.

The total number of persons put on the pension rolls under the provisions of the bill will be 440,400 at an annual cost of $39,629,000.

After further debate an amendment was agreed to reducing the age limit to 60 years.

The bill authorizes the Secretary of the Treasury to place on the pension roll the name of any officer or enlisted man sixty years or over who served ninety days or more in the war and shall have received an honorable discharge, said pension to commence from the date of application and continued during life, at the rate of $8 per month. All persons who served ninety days or more, were honorably discharged, and are now or may be hereafter suffering from mental or physical disability shall be placed upon the list of invalid pension at $8 per month. The bill also provides pensions for the widow of any soldier when she shall arrive at the age of sixty years or be without other support than daily labor.

The Morrill bill was agreed to as substituted for the Senate bill, yeas 183, nays 71. The Senate bill as amended by the substitute was then passed, 179 to 70, and amid applause the House adjourned.

Killed for Insubordination.

Special to the JOURNAL.

ASTORIA, Or., April 31.—The sailing schooner, Bessie Rutter, which left Astoria ten days ago returned last night bringing a sailor who had been shot and fatally wounded by Captain Henry Olsen. Last Sunday the captain went into the forecastle and ordered all hands on deck. All responded except a Dane named Billy Stevens who would not get up. The captain went down the second time and asked why he did not get up. Stevens said he would when he got ready and applied vile epithets to the captain who responed by calling him a "nigger." When Stevens made his appearance on deck the captain ordered him to go forward, but Stevens paid no heed and advanced toward the captain who seized a shot gun. Olsen again commanded him to go forward three times, but he kept advancing, and when about six feet distant the captain fired and Stevens fell to the deck wounded in the groin. He was picked up and cared for and the schooner was headed for the river. When it arrived here Stevens was taken to the hospital where he died this morning. The captain was placed under arrest on arrival here by the Deputy U. S. Marshal.

MISCELLANEOUS.

Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients, Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom. Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine of which can truly be said, "One Hundred Doses One Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's. Peculiar in its medicinal merits, Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered." Peculiar in its "good name at home,"—there is now more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers. Peculiar in its phenomenal record of sales abroad, no other preparation has ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so steadfastly.

BREVITIES.

Burglars are also getting in their work in Virginia.

S. D. King left for the State of Washington yesterday morning.

The Keogh-Fell fight takes place in Virginia next Saturday night.

M. Raphael will find a summons of interest to him in another column.

The boys at Verdi will give a free dance next Tuesday evening. Everybody invited.

The Comstock has a case of chicken-pox. A young man over 20 years is the victim.

State Treasurer Tufly returned to the Capital from St. Helena, Cal., yesterday morning.

D. Bole, who has been traveling for the past year, returned to Reno yesterday morning.

The grass is shooting up so fast that the sound of lawn mowers can be heard in all directions.

Superintendent Lon Hamilton returned from San Francisco yesterday morning and continued on to Virginia.

Sam L. Jones, the popular mining superintendent of Virginia, returned to the Comstock yesterday morning from a trip to California.

Yesterday Constable Upson arrested on the railroad about seven miles east of Reno the two men who robbed a Virginia City store of about a dozen pistols, a few nights since. Eight of the "guns" were found on the thieves, who say they will plead guilty to housebreaking, but not to burglary.

Mr. and Mrs. William Macpherson received a telegram yesterday announcing the sudden death of their daughter Jessie of heart disease at Gonzales, Cal., whither she had gone for the benefit of her health but a few weeks ago. Mr. Macpherson left last night to accompany the remains home to Wadsworth, where they will be interred.

The White Pine News says. "A great jollification was held in Ely Monday evening over the news that silver had reached and gone above $1 an ounce. One hundred and ten guns were fired to celebrate the event. We hope the powder was not wasted on a temporary gamble in the white metal, but that it will remain above the dollar limit and keep on the upward bound till it reaches its time-honored old place—$1 29 29—though the dilly-dallying Congressional proceedings on this all-important question give little assurance that such will be the case"

"Later On."

Hallen & Hart will present the above comical play at the theater next Saturday evening. Of the piece the New York News says:

"Later On," which was seen at the Star theater last night, will continue "later on"—probably for several seasons. It is by H. Grattan Donnelly, whose talent runs in the direction of "Natural Gas," etc. "Later On" is a rattlingly absurd musical and laughable skit. It is simply a means of stringing together songs, dances, specialty acts and fun—wild and side splitting—in a manner more pleasing than usual, and in this case it has been done with exceeding cleverness. The great desideratum with these skits is to secure the actors and go it, of course, in accordance with the author's ideas, enlarged upon by the stage manager. This has been achieved by Messrs. Fred Hallen and Joe Hart, the stars and comedians, who have surrounded themselves with a clever lot of fun makers and vocalists. Mr. Hallen as Jack Plunger, the breezy, cheeky race course sharp, was capital, while Joe Hart as Jolly Todd was equally good. His comicalities and piano playing caught the house. "Later On" has "caught on" to stay.

Electric Light Co's. Election.

The stockholders of the Reno Electric Light and Power Co. held a meeting yesterday afternoon, and elected the following gentlemen members of the Board of Directors: Wm. Thompson, L. D. Folsom, C. T. Bender, Henry Ruhe and W. J. Luke. The Board met last evening and elected Wm. Thompson, President; Henry Ruhe, Vice President; W. G. Caffrey, Secretary and Manager, and C. T. Bender, Treasurer.

Young Trout.

The Carson Tribune says Fish Commissioner Mills sent 120,000 eastern brook trout to Reno last evening to be deposited in a pond prepared for them, in which they will be fed and looked after until next Fall. Mr. Mills is doing great things with the hatchery, the different species of the finny tribe all occupying separate compartments.

THE CLASS OF '90.

An Interesting Lesson in What Was Seen and Heard in Reno—Courtesies Extended to the Class—Etc.

The Enterprise gives the following account of what the Class of '90 saw while on their visit to Reno last Monday:

"Last Monday morning the class of '90, Virginia High School, chaperoned by Professor Bray, drove over the Geiger grade to Reno to visit the Insane Asylum and the various institutions of learning there situated. Bob Grimmon with a four-in hand turnout, took them there safely in three hours.

"They first visited the State University. There they were cordially welcomed by President Jones and the various Professors present. President Jones himself courteously took them to the class rooms, where they witnessed some interesting work in physics, rhetoric and mathematics. In Miss Tupper's department some very interesting motion songs were very gracefully and pleasantly rendered. As a further entertainment for the visitors, President Jones postponed the regular 'Monday Assembly,' and instructed Major Ducat to order out the cadets for an exhibition drill. This was promptly done, and a company of about 24 cadets, under student officers, including the Captain, gave an admirable drill, going through a large part of the manual of arms while performing the various evolutions incident to movements in fours, platoons and company. Our militia companies must look sharp to their work or the University cadets will prove a formidable rival.

"The young ladies of the Normal Class, under the immediate direction of Major Ducat, gave some beautiful calesthenic movements, and then formed fours and marched about with about as much precision as the cadets.

"The new dormitory was inspected. It is a well constructed building, designed to furnish accommodations for young lady students who are not residents of Reno. It seems finely adapted to the purpose. The Agricultural Experiment Station, though small, is well equipped for a beginning in that branch of University work, which is yearly growing in usefulness.

"Altogether, it may be said that the visitors were impressed with the idea that the University is getting on its feet. An air of interest and earnestness seems to pervade the faculty and students, and profitable work is undoubtedly being done therein. When it reaches a grade of stability and prosperity that will enable it to receive in the collegiate courses only graduates of reputable High Schools, much more satisfactory results will be attained. Even now our graduates could take a course of instruction there in the Normal Class or any of the higher departments with great profit. Let the advanced students of the Nevada and of the eastern slope of the Sierras go to the Nevada State University rather than to California institutions. They will here find ample food for thought and opportunity for study.

"At the Insane Asylum the inmates were found well cared for. Everything about the place looked clean. Nowhere in ancient history do we read of asylums for the feeble-minded. Here was an institution representing the progress of the race in kindness and humanity. Dr. Bishop and daughter, and Mrs. Bishtel and Mrs. Barlow were untiring in courtesy to the visitors. After all had been inspected, perceiving the evident hunger of the visitors, they treated them to a bountiful lunch, which was duly appreciated.

"The Reno public schools were next visited. These schools have been under the almost continuous charge of Professor Orvis Ring for about fifteen years. Much can be done for the schools of a city under one efficient management for that length of time. An able and zealous educator, Professor Ring has infused much of his own spirit into the Reno schools. A short visit was sufficient to convince the visitors that there are smart pupils in Reno, as well as in Virginia City. The teachers all seemed glad that members of the Virginia High School had come down to see their work. Many interesting exercises were witnessed, and while all were good, those presented in the rooms taught by Mrs. M. S. Doten, Miss Ada Lackey and Miss Cora Angell were especially interesting.

"In connection with pleasing work in the fundamental branches, music is made a feature in every grade of the Reno public schools; and the pupils all sing, the teachers gleefully singing with them.

"The rooms throughout the central building are connected in pairs by folding doors, and for each two there is a piano or an organ. Many of the Virginia teachers open their schools in the morning with music, and all ought to do so. There can be no better occupation for school children in the morning for five or ten minutes than piping beautiful songs.

"Reno itself—including the wonderful Powning Addition—was carefully inspected, and pronounced a beautiful town. The visit was, in all its features, a decided success. It was not only pleasant, but profitable. It was to the students of the Class of '90 an object lesson of more solid worth than a whole week of routine study. People must get out occasionally and see what is going on about them if they would really learn. A class thus going out are often awakened to new life and vigor, and the Class of '90, while still confident of the superiority of our own schools and our city, have learned from this visit much that was new to them, thus broadening their mental horizon."

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflamation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-sw1-y

WHAT ON EARTH

Is the reason people will not, can not or do not see any difference in cheap nostrums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalelled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER AND BLOOD MAKER, and every bottle that does not do its w will cost you nothing.

When Baby was sick,
We gave her Castoria.
When she was a Child,
She cried for Castoria.
When she became Miss,
She clung to Castoria
When she had Children,
She gave them Castoria.

The warm weather is affecting the Humboldt says the Silver State. The water stood at 9 feet 5 inches at the bridge gauge Monday evening. The railroad men say the river is higher up the road than it has been before this Spring.

JEWELS AND LACES.

"Oh, girl with the jewelled fingers,
Oh, girl with the laces rare!"

What are your jewels and what are your laces worth to you if, from undergoing the trying ordeals which fashionable society imposes on its devotees, enough to test the physical strength and endurance of the most robust, you break down, lose your health and become a physical wreck, as thousands do from such cause?

Under such circumstances you would willingly give all your jewels and all your laces to regain lost health. This you can do if you will but resort to the use of that great restorative known as Dr. Pierce's Favorite Prescription. Thousands of grateful women bless the day it was made known to them.

For all derangements, irregularities and weaknesses peculiar to women, it is the *only* remedy, sold by druggists, **under a positive guarantee** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

An invigorating tonic, it imparts strength to the whole system. For feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon.

Dr. Pierce's Pellets regulate and cleanse the liver, stomach and bowels. One a dose. Sold by druggists. 25 cents a vial.

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee -The Aristocratic Avenue Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with $300,000 capital, and the First National Bank with $200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.
